INTELLIGENCE ADVISORY COMMITTEE

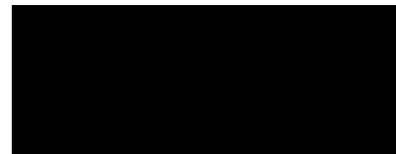

Proposed Terms of Reference for the
Guided Missile Intelligence Committee

1. The following is the CIA draft definition of Guided Missile Intelligence:

Guided missile intelligence is all intelligence related to foreign activities on guided missiles, guided missile systems and associated equipment including research, development, production and those aspects of operational deployment necessary to assessment of the foregoing factors. It does not include intelligence on order of battle, military doctrine, or on nuclear warheads and nuclear propulsion. Guided missile intelligence also includes comparable intelligence on earth satellite vehicles.

2. This draft definition should be incorporated as a footnote to the draft Terms of Reference for the proposed Guided Missile Intelligence Committee (GMIC) circulated as TAB A to IAC-D-81/14, 13 January 1956.
